The public comment period is in effect through May 19, 2017, in case you have any additional comments after reviewing this information.

Thank you!

Valois

Subject: Aquifer changes

In response to request for public comment regarding dumping into an aquifer, I suggest that the book, "Living Downstream" be required reading. We cannot return to the days of having our water systems polluted and damaged for the sake of corporate or personal gain.

I have lived in an area where the rivers and water systems were polluted due to chemical dumping from byproducts of manufacturing and the long term effects remain for decades.

Please do not let this happen, I am sending a resounding no.

Respectfully
